A Message from the Township Administrator

Hello Orange Township Community!

We have had quite the year! Despite the stage of the economy, I am proud to say, Orange Township continued with various projects as promised to our residents. I will be honest, the pandemic did hold us back but we have aggressively moved forward on planning, design, and engineer stages in many projects that you will see be brought to life next year. In other words, yes, there will be a lot of construction. However, this community is in good hands thanks to our Trustees and staff. Early 2023, we will be sharing a "State of the Township" document that will specify and "show off" all the good things we are doing here!

Just recently, the Trustees approved a \$25 million dollar budget for 2023. The money not only supports our operations but it will fund our "big-ticket" expenses such as, Bale Kenyon Phase 1, North Road Park Improvements (yes there will be pickle ball courts!), Fire Apparatus and a brand new Zoning Resolution. The list goes on as we have incredible leadership who makes things happen! Lastly, HUGE THANK YOU for supporting our Roads and Parks Levy this year! We are grateful for the support and shall continue making our parks better and maintaining our roads.

Happy Holidays!

Orange Township Fire Department

Six Orange Township Firefighters participated in a capstone evaluation to complete their probationary period. They went through challenges to show what they've learned since joining the department and showcase their skills. Throughout the day other members of the crew came out to support and encourage them.

Volunteer Opportunities

Public Safety Subcommittee

If you know someone who has ever needed to use the Fire Department Resources, you know how important they are to the community. Orange Township is seeking volunteers to serve as advocates for transparency between the Fire Department and the community. Submit your resume and a cover letter to spherbert@orangetwp.org
